FILE No. 192

Arrive Mysore 17 - (Thursday) Dec. 1924
for Lunch.

Leave Mysore afternoon - visit Gorakhi
18th - visit.

# LEAGUE MALARIA COMMISSION

## ARRIVAL IN BOMBAY

(ASSOCIATED PRESS OF INDIA)

BOMBAY, Aug. 23.

The Malaria Commission of the League of Nations, which is visiting India on a study tour, arrived in Bombay this morning by the S. S. "Rawalpindi". The deputation is led by Professor Scheuffner (Amsterdam).

Interviewed by the Associated Press on the purpose of the tour, Prof. Swellengrebel, a member of the Commission, said that the prevalence of malaria in Southern Europe and parts of South America, and the absence of adequate remedial measures necessitated investigation and study in the countries, where malaria was successfully treated, so that the same measures might be adopted there. In 1924, the League of Nations decided to send a Commission to India, as the chief centre of malaria, to study the measures adopted in this country and their practical application for the control of malaria. The Commission had not yet decided the programme of their tour, and would stay in Bombay for a week.

# LEAGUE MALARIA COMMISSION.

## OBJECTS EXPLAINED

There arrived in Bombay by P. and O. s.s. RAWALPINDI on Friday, six members of the Malaria Commission of the League of Nations who have been deputed by the Health Committee of the League to visit India on the invitation of the Government of India. The preparations leading up to this visit have taken place over the last two and half years, but it was postponed for one year in view of the League of Nations Interchange of Health officers taking place in this country in 1928.

The visitors who are malaria experts in their own countries are the following:—

PROF. SCHUFFNER, Director of the Tropical Section of the Koninklijk Kolonial Institute, Amsterdam (President).

PROF. N. H. SWELLENGREBEL, Institute of Tropical Medicine, Amsterdam.

PROF. M. CIUCA, Professor in Faculty of Medicine at University of Cluj, Roumania.

DR. LOUIS WILLIAMS, in charge malaria work, United States Public Health Service, Washington.

DR. S. DE BUEN, Secretary of the Central Malaria Commission, Madrid, and

DR. PELTIER, Professor of Hygiene, Medical Colonial Institute, Marseilles.

### OBJECT OF COMMISSION.

In view of certain notices which have appeared from time to time in the press regarding this visit, it is obvious that certain misconceptions have arisen in regard to its nature, says the Director of Information, Bombay Government, in a Press Note. In this connection it may be well to [illegible] objects of the Malaria [illegible]. When the Commission was [illegible] a few years after the war, the [illegible]ing idea was to ascertain mainly for the benefit of some malaria stricken and comparatively poor countries of Eastern Europe (particularly Bulgaria, Roumania, Yugo Slavia, Greece and Russia) what were the cheapest and most effective methods at present known of dealing with malaria as the disease had been increasing and spreading since the war. This still remains the first purpose of the Commission. Its later visits to Italy, Sicily, Spain, Palestine and the United States were made with the prime object of giving advice on anti-malarial measures to those countries or of dictating to them in any way in conducting their anti-malarial measures; but chiefly with the object of learning from them whether any of the measures which were in use in their respective countries were cheap enough and effective enough to be applied generally in some of the more backward countries in Eastern Europe to which the Commission's mandate originally applied.

### OPPORTUNITIES OF STUDY

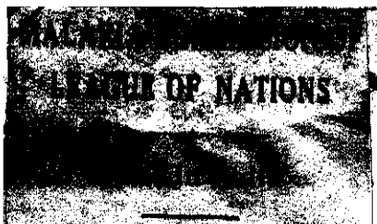
After those countries had been visited it was suggested that a great deal might be learned from countries like India in regard to the cheaper methods of dealing with malaria, and, as a result of this suggestion, conversations were begun which ended in the invitation of the Government of India to the Commission and in the present visit. This therefore is one of the chief objects of the proposed visit, and it should not be contemplated either that the Commission will take upon themselves to give general advice to Indian workers or that any practical measures such as the setting up of demonstration stations at the instigation of the Commission will follow its visit, nor is it contemplated that India will obtain any financial assistance as the result of the visit, the chief purpose being to obtain first hand acquaintance with the malaria position in India, to see the work which is proceeding and to gather knowledge of the problems and of anti-malarial measures which may be applicable elsewhere.

### COMMISSION'S PROGRAMME.

The personal contacts and discussions which must ensue from such a visit will result in a fruitful exchange of ideas on both sides, and this we feel sure will be of the greatest benefit to our malaria workers in India.

The Commission after seeing conditions in Bombay will proceed to the Punjab in time to examine the usual autumn epidemic outbreak in that Province, and after visiting the headquarters of the Malaria Survey at Ajmeir and the Rose Experimental Station at Karnal, will pass to the United Provinces, thence *via* Bihar and Orissa and Bengal to Assam and the Tea Garden problems. Returning to Calcutta they will visit Burma and crossing *via* Vizagapatam will tour in certain sections of the Madras Presidency, and end their visit at Bombay about the 31st of December.

The League is bearing the whole expenses of this deputation to India and while in India.



## CHIEF OBJECTS OF THE VISIT

The Director, Information Bureau, Punjab, writes:—

On Friday, August 20, there arrived in Bombay by the *Rawalpindi* six members of the Malaria Commission of the League of Nations who have been deputed by the Health Committee of the League to visit India on the invitation of the Government of India. The visitors who are malaria experts in their own countries are the following:—

Prof. Schueffner, Director of the Tropical Section of the Koninklijk Kolonial Institute, Amsterdam; Prof. N. H. Swellengrebel, Institute of Tropical Medicine, Amsterdam; Prof. M. Ciuca, Professor in Faculty of Medicine at the University of Jassy, Roumania; Surgeon Louis Williams, in charge of malaria work, United States Public Health Service, Washington; Dr. S. de Buen, Secretary of the Central Malaria Commission, Madrid and Dr. Peltier, Professor of Hygiene, Medical Colonial Institute, Marseilles.

In view of certain notices, which have appeared from time to time in the press regarding this visit, it is obvious that certain misconceptions have arisen in regard to its nature.

### COMMISSION'S OBJECTS

In this connection it may be well to explain the objects of the Malaria Commission. When the Commission was constituted a few years after the war the underlying idea was to ascertain mainly for the benefit of some malaria stricken and comparatively poor countries of Eastern Europe (particularly Bulgaria, Roumania, Yugo Slavia, Greece and Russia) what were the cheapest and most effective methods at present known of dealing with malaria, as the disease had been increasing and spreading since the war. This still remains the first purpose of the Commission.

Its later visits to Italy, Sicily, Spain, Palestine and the United States were not made with the prime object of giving advice on anti-malarial measures to those countries or of dictating to them in any way in conducting their anti-malarial measures; but chiefly with the object of learning from them whether any of the measures which were in use in their respective countries were cheap enough and effective enough to be applied generally in some of the more backward countries in Eastern Europe to [illegible]

### INDIA'S INVITATION

After those countries have been visited, it was suggested that a great deal might be learned from countries like India in regard to the cheaper methods of dealing with malaria and, as a result of this suggestion, conversations took place which ended in the invitation of the Government of India to the Commission and in the present visit.

This, therefore, is one of the chief objects of the proposed visit, and it should not be contemplated either that the Commission will take upon themselves to give general advice to Indian workers or that any practical measures such as the setting up of demonstration stations at the instigation of the Commission will follow its visit; nor is it contemplated that India will benefit any financial assistance as the result of the visit, the chief purpose being to obtain first-hand acquaintance with the malaria position in India, to see the work which is being done and to gather knowledge of the problem and of anti-malarial measures which may be applicable elsewhere.

### EXCHANGE OF IDEAS

The personal contacts and discussions which must ensue from these visits will result in a liberal exchange of ideas on both sides, and this, we feel sure, will be of the greatest benefit to our malaria workers in India.

The Commission, after seeing conditions in Bombay, will proceed to the Punjab in time to examine the usual autumn epidemic outbreak in that Province, and, after seeing the headquarters of the Malaria Survey at Kasauli and the Ross Experimental Station at Karnal, will pass to the United Provinces, thence *via* Bihar and Orissa and Bengal to Assam. Returning to Calcutta they will visit Burma and, crossing *via* Vizagapatam, will tour in certain portions of the Madras Presidency, and end their visit at Bombay about December.

The League is bearing the whole expenses of this deputation while on tour in India.

# OUTLINE TOUR PROGRAMME

OF

# MALARIA COMMISSION,

# LEAGUE OF NATIONS

DURING THEIR VISIT TO

# INDIA

1929-1930.

I

# MEMBERS OF MALARIA COMMISSION,

*League of Nations.*

1. Professor W. Schuffner, Director, Tropical Section, Koninklyk Kolonial Institut, Amsterdam, and Professor at the University of Amsterdam. President of the Malaria Commission.
2. Professor N. H. Swellengrebel, Zoologist, Koninklyk Kolonial Institut, Amsterdam and Professor at the University of Amsterdam.
3. Professor M. Ciuca, Professor in the Faculty of Medicine at the University of Jessy, Roumania. Secretary of the Malaria Commission.
4. Surgeon Louis Williams, In Charge Malaria Work, United States Public Health Service, Richmond, Virginia, U. S. A.
5. Professor S. de Buen, Professor of Parasitology, University of Madrid.

6. Medecin Commandant M. Peltier, Professor of Social Hygiene, Colonial Medical School, Marseilles.

# OUTLINE TOUR PROGRAMME.

Aug.

23 Arrive Bombay. Stay at Taj Mahal Hotel.

24 Visit Dock Area with Port Health Officer.

25 Visit Kopri.

26 Visit St. George's Hospital and surrounding district.

27 Visit North of Bombay Island to see Monsoon conditions. Garden Party at Haffkine Institute, Parel, at 5 p.m.

28 Visit Back Bay Reclamation Area.

29 Depart for Karnal.

30 Arrive Ross Field Experimental Station for Malaria, Karnal.

31 Karnal. Statement on Malaria Problem in India, by Col. Christophers.

Sept.

1, 2 Arrange laboratory and field equipment for tour. Make local excursion to investigate Malarial conditions.

3 Study Indian Anophelines–adults and larvae. Depart for Lahore.

4 Arrive Lahore. Stay at Nedou's Hotel.

5 Exposition on "Malaria in Punjab with Special Reference to Epidemic Malaria" by Col. Gill. Inspect Epidemiological Bureau and Hygiene Museum. Visit environs of Lahore.

6 Visit Lahore City. Exposition on "Water-logging Problem and Anti-water-logging Measures" by Mr. Smith. Visit Lahore Cantonments [Mian Mir]. Medical Dinner at Stiffle's at 8-30.

7 Depart for Khanki, Gujranwala District. Inspect Headworks, Lower Chenab Canal.

8 Inspect Chankanwali Reclamation Farm and anti-water logging measures.

9 Visit Aik Nallah, Sambrial, Mir Ali and Upper Chenab Canal.

10 Visit Chankanwali Reclamation Farm and neighbouring villages. Return to Khanki,

11, 12, 13 Visit Kathala, Gujrat District to study conditions in a flooded riverain area and an area in which an epidemic is expected to occur shortly,

14 Depart Kathala. Visit Gujranwala Pumping Station. Arrive Lahore.

15 Depart for Kasauli.

16, 17 Arrive Kasauli. Visit Central Malaria Bureau and Headquarters, Malaria Survey of India. Study Collections and work on Anopheline adults and larvae.

18 Excursion to collect larvae at Hart's Pool. Medical Dinner in Kasauli Club at 8-30 p.m.

19 Visit Malaria Treatment Centre. Military Food Laboratory and Enteric Convalescent Depot.

20 Visit Pasteur Institute of India.

21 Visit Central Research Institute

22 Depart for Simla. Arrive Simla and stay at Corstorphan's Hotel. Medical Dinner at Chateau.

23 Lunch with H.E. the Viceroy and Governor General of India. Dinner with The Hon'ble Malik Feroz Khan.

24 Return to Kasauli.

25 Depart for Delhi.

26 Arrive Delhi. Address on Malaria in Delhi by Major Sinton. Visit Delhi City.

27 Visit Delhi Fort and Bela.

28 Visit Notified Area, Civil Lines. Leave Delhi for Agra.

29 Visit Agra Fort, Taj Mahal, Akhbar's Tomb, Fatehpur Sikri. The latter is the remains of a city ruined by malaria. Depart for Delhi.

30 Arrive Delhi. Visit Notified Area, Civil Lines.

Oct.

1 Visit New Delhi.

2 Visit New Delhi. Tea as guests of Delhi Medical Association.

3 Visit rural areas of Delhi Province.

4 Visit rural areas of Delhi Province. Guests of Rotary Club for Dinner at Maiden's Hotel.

5 Visit area surrounding Delhi Gaol. See Feroz Shah Katta and Purana Qila. Depart for Karnal Arrive Karnal.

6, 7, 8. } See the Malaria Class at Work.
9 } Visit surrounding villages and do spleen and blood examinations.
10 } Demonstration on the use of Paris Green by Dr. Williams. Lectures on "The Treatment of Malaria' by Major Sinton. Write up Tour Notes.
11
12 }

13 Depart for Saharanpur. Arrive Saharanpur for breakfast. See effects of irrigation, wet cultivation and results of anti-malarial measures. Depart for Kathgodam.

14 Arrive Kathgodam. Visit Terai and Bhabar.

15 The former very malarious. See effects of cultivation; water-logging, and irrigation; cultivation of leguminous crops (clover); racial

16 immunity; proposed cinchona cultivation.

17 Depart for Banbassa. Arrive Banbassa. Inspect Head Works of Sada Canal; intensely malarious area; aggregation of labour; anti-malaria measures.

18 Depart for Lucknow.

19 Arrive Lucknow.

20 Interview with Administrative Health Officers. Study Provincial Malaria Reports and Statistics. Investigate canal irrigation in relation to malaria; tank problem; flushing scheme; anti-malaria me-

21 asures; village aid.

22 Arrive Moghul Serai. Railway in

relation to malaria. Depart for Calcutta.

Oct.

23 Arrive Calcutta.

24 Visit Calcutta School of Tropical Medicine and Hygiene including Bengal Malaria Research Laboratory. Conversazione at Tropical School at 4-30 p,m.

25 Visit Calcutta School of Tropical Medicine. Discussion with Col. Knowles and Mr. Senior-White on "Parasitology of World Malaria". Visit Co-operative anti-malarial Societies.

26 Visit villages in Sonarpur area. Visit Salt Water Lake area and Buderhati. Discussion with Dr. Bentley on "Malaria in Bengal" at Writer's Buildings, Calcutta at 2-30 p. m. Conference of Co-operative Anti-malaria Societies at Albert Hall, Calcutta at 4-30 p.m. Depart for Tarpassa.

27 Arrive Tarpassa. See flooded non-malarious area. Return to Calcutta.

28 Arrive Calcutta. Depart for Singhbum area with Mr. Senior-White.

29, 30 Study malaria control work at Dangoaposi, Bara Janda, and Noamundi. Leave for Calcutta.

31 Arrive Calcutta. Depart for Jessore. Spend the night in Circuit House, Jessore.

Nov:

1 Visit Jessore which is an intensely malarious area with numerous "decaying" rivers. Return to Calcutta.

2 Depart Calcutta. Visit Birnagar and leave for Berhampore. Spend night in Circuit House, Berhampore.

3 Visit Mushidabad, Jiaganj and Bhagawangola returning to Berhampore for breakfast. Visit Gobra Nala area. Leave Berhampore

for Krishnagar. Spend night in Circuit House, Krishnagar.

4 Inspect hyper-endemic villages near Krishnagar. Return Calcutta. Leave Calcutta for Siliguri.

5 Arrive Siliguri. Inspect local malarial conditions with Capt. Chalam. Motor to Darjeeling stopping at Sukna en route.

6 Spend day in Darjeeling.

7 Leave Darjeeling very early, Breakfast at Kurseong. Arrive Siliguri by 11 a. m. Investigate Terai conditions and sleep night there.

8 Continue investigation of Terai conditions. Proceed *via* Phulbarighat to Sylee.

9 Inspect anti-malaria work in Tea Gardens at Menglass.

10 Depart Menglass for Gauhati.

11 Arrive Gauhati. Inspect Kala-Azar Commission Field Laboratory Visit Government Silk Emporium

Demonstration of main indigenous village industry in Assam.

12 Visit Dudnai area to see Kala-Azar Treatment Centres and to see villages where spleen rate is due to Kala-Azar and not to malaria. Depart for Mariana.

13 Arrive Mariana. Proceed to Jorhat. Lunch with Local Branch British Medical Association. Inspect Scientific Station of Tea Association, Toklai. Visit Melling Tea Garden to inspect labour conditions.

14 Visit Kotalguri Tea Garden showing low malaria incidence.

Nov.

14 Visit Naganijan Tea Garden showing high malaria incidence. Depart for Mariana en route for Shillong or Cachar.

15 Party (a) Arrive Shillong.
Party (b) Arrive at Cachar to inspect malaria control

work carried out by Dr. Ramsay in Tea Garden area.

16 Party (a) Shillong,
Party (b) Cachar.

17 Party (a) Leave Shillong for Calcutta.
Party (b) Leave Cachar for Calcutta

18 All members arrive Calcutta.

19 Depart for Rangoon.

20 } En route for Rangoon.
21 }

22 Arrive Rangoon. Discuss Malaria Problem in Burma with Director of Public Health, Burma. Lunch at Government House. Visit Harcourt Butler Institute. Depart for Mandalay.

23 Arrive Mandalay. Visit malarious villages.

24 Depart Mandalay and arrive Maymyo Proceed to Sakantha.

25 Depart Sakantha and arrive Hsipaw.

Study malaria condition at Hsipaw. Depart for Lashio.

26 Study malaria conditions at Lashio.

27 Depart Lashio. Arrive Maymyo. Spend night at Craddock Court.

28 Depart Maymyo. Arrive Madaya. Investigate malarial conditions at Madaya. Return to Mandalay en route for Rangoon.

29 Arrive Rangoon. Dine and spend the night at Government House.

30 Embark for Vizagapatam.

Dec.

1, 2, 3 En route for Vizagapatam.

4 Arrive Vizagapatam. Inspect malaria control measures at Harbour Works, Vizagapatam.

5 Depart for Rayagada via Parvatipurram.

6 Malaria Control Work. Depart for Satikona.

7 } Arrive Satikona. Inspect area under malaria control and compare with uncontrolled area. Leave Satikona for Salur. Visit hyper-endemic
8 } area at Koraput.

9 Depart Koraput and arrive Salur.

10 Depart Salur and arrive Waltair. Depart for Madras.

11 Arrive Madras City.

12 Visit Ennore. Inspect King Institute, Guindy. Depart for Errode.

13 } Arrive Errode. Inspect Laboratory
14 } at Mettur and return to Errode.

15 Depart Errode. Arrive Conoor. Visit Pasteur Institute, Conoor, and Nutritional Diseases Inquiry.

16 Visit Ootacamund and Nadvattam. Inspect cinchona cultivation.

17 Depart Ootacamund. Arrive Mysore.

18 } Halt at Mysore.
19 }

20 Depart for Bombay.

21 En route for Bombay.
22 Arrive Bombay.
23 and subsequent days see Bombay in dry season, and study anti-malarial operations.

*Depart for Europe on 28th December, 1929 or 4th January, 1930.*

**Viceroy and Governor General of India,**

*(On 4 months' leave from 29-6-29).*

TP 39-29

To

The Secretary to the
Hon'ble the Resident in
Mysore.

Sir,

I am directed to request you to be so good as to move the Hon'ble the Resident in Mysore to convey, through the Government of India, a hearty invitation from the Government of His Highness the Maharaja to the Malaria Commission of the League of Nations to pay a visit to Mysore during their tour in southern India.

His Highness' Government will be glad to welcome the Commission at any time that suits them but if it is not inconvenient they would suggest that their visit might take place in the latter part of December 1929.

I am further to request that, if there be no objection, ~~Government of India may kindly be wired to~~ in the matter.

I have etc.,

SIR,

I am directed to refer to your letter No.Pol.275, dated the 4th September, 1929, and to say that the Government of India intimate that the programme of the Commission has bee fixed for some time and that it is understood that the Commission is due to leave Bombay on the 28th December,1929 The invitation of the Mysore Government has,however, been forwarded by the Government of India to the Director of the Commission whose reply will be communicated to you in due course.

2. The Government of India add that it is probable tha all that the Commission will be able to do at this late stag will be to pay a flying social visit to Mysore.

I have the honor to be,
Sir,
Your most obedient servant

for SECRETARY TO THE RESIDENT

Malaria Commission of the League of Nations - Visit to Mysore.

SIR,

D 1976

In continuation of my letter No.9665, dated the 15th November, 1929, I am directed to say that the Government of India intimate that the Malaria Commission can now definitely visit Mysore and that they leave Ootacamund on the evening of the 16th December, 1929, and arrive at Mysore by motor car on the morning of the 17th December. The Commission will be leaving for Bombay on the morning of the 20th December.

2. The Government of India add that the programme of the Commission in Mysore is left entirely to the Mysore Government.

PP 39-29-7

DEAR Mr. Ranga Rao,

Would you kindly oblige me by furnishing me with a list of Members of the Malaria Commission which will be visiting us about the middle of this month and if possible the name of the gentlemen who will be guiding the Commission or act as their Secretary. I require the above information to enable me to communicate with them whenever required. I should be obliged also for a copy of the Commission's programme before they visit Mysore.

Yours Sincerely,

R.Ranga Rao Esq., B.A., B.L.,
Offg. Chief Secretary to Government
Bangalore.

D.O. No. T. 205
2/12/29

Office of the Health Survey
in Mysore,

Bangalore, 2nd. December '29.

Dear Mr. Ranga Rao,

As I understand the arrangements made at the interview with the Dewan Sahib on Saturday last, the tour of the League of Nations Malaria Commission will be as follows.

| | | |
|---|---|---|
| 17th December. | | Arrive Mysore in morning. See Zoo, Palace, Lalitha Mansions and Chamundi Hill in the afternoon. |
| 18th December. | 8 a.m. | To Krishnarajasagara. |
| | 9-30 " | To Nagenhalli Malaria Station. |
| | 12-30 Noon. | Lunch at Daria Dowlat, Seringapatam. |
| | 2-00. p.m. | To Hulikere Tunnel. |
| | 4-30 " | Tea at Seringapatam. |
| | 5-00 " | See Seringapatam. Night in Mysore. |
| 19th December. | 8-00 a.m. | To Saklespur via Yedatore and Hassan. |
| | 12-00 noon. | Lunch at Saklespur Club. |
| | 1-00 p.m. | Leave for Mudgere. |
| | 4-00 " | Tea at Mudgere. |
| | 5-00 " | Leave for Hassan via Belur where the temple may be seen if there is time. |
| | | Have dinner and spend the night at Hassan Travellers' Bungalow. |
| 20th December | 8-00 a.m. | Leave for Bangalore. |
| | 12-00 noon. | Arrive Kumara Park, Bangalore and lunch at 12-30. |

| | | |
|---|---|---|
| 20th December. (Contd.) | 1-30 - 4-30 p.m. | See malaria work in Bangalore. |
| | 5-00. p.m. | Garden Party at Carlton House. |
| | 7-00 p.m. | Dinner at Kumara Park. |
| | | Leave for Bombay. |

As there are 6 members of the Commission and, I believe, at least two additional I.M.S. Officers and as Dr. Karve, Dr. B. A. Rao and myself will accompany the party, we should plan to accomodate about 12. I am writing to ascertain the exact number. We will probably need three cars and a lorry, in addition to Dr. Karve's car and mine.

Arrangements should be made for obtaining petrol at Mysore, Saklespur and Hassan. Also for lunch and tea at Seringapatam on the 18th, tea at Mudgere Travellers' Bungalow on the 19th and dinner and beds and bedding at Hassan Travellers' Bungalow on the 19th. I am writing today to the Saklespur Club about lunch on the 19th. If the Deputy Commissioner, Kadur District could make arrangements for the tea at the Mudgere Travellers' Bungalow, it would not be necessary for the baggage lorry to go beyond Hassan Travellers' Bungalow on the 19th.

Further information will be furnished when replies to letters sent are received.

Yours sincerely,

W. C. Sweet,
Director,
Health Survey in Mysore.

Dear Mr Ranga Rao,

I am in receipt of your letter No.2263/C.B. of the 1st instant on the subject of the visit of the Malaria Commission of the League of Nations, and am issuing instructions regarding their accommodation at Staff Quarters.

I presume that Government House has no responsibility as regards their meals except at Staff Quarters and that Dr Sweet will make arrangements for these at other places.

I presume that Mrs Sweet is not accompanying the party. As you are aware, there are only six sets of rooms in Staff Quarters, so that, even as the matter stands, it would be necessary to pitch a tent for Dr. Sweet.

Yours sincerely,

I fear he Seringapatam &c

Dear Sir Charles,

With reference to your D.O.letter No.424 dated the 4th instant regarding the visit of the Malaria Commission of the League of Nations, I am desired to state that there are six members of the Commission and it is likely that at least two additional I.M.S. Officers will accompany the party. Dr.Karve, ~~Dr. B.A.Rao~~, and Dr.Sweet, will also stay with the party and look after them. It is therefore necessary to make arrangements to accommodate about 12 persons. ~~Necessary~~ Arrangements ~~have to be made by Government House for their lunch and tea at Seringapatam on the 18th instant.~~ Dr.Sweet is trying to make arrangements ~~for their~~ food on the ~~19th instant.~~ ~~If he cannot succeed in his attempts arrangements will have to be made by Government House for their food on the 19th instant also.~~ There is no information about Mrs.Sweet accompanying the party.

Yours sincerely,

The Private Secretary to H.H.
the Maharaja.

HKS

6th Decr.'29

Dear Sir Charles,

With reference to your D.O.letter No.424 dated the 4th instant regarding the visit of the Malaria Commission of the League of Nations, I am desired to state that there are six members of the Commission and it is likely that at least two additional I.M.S. Officers will accompany the party. Dr.Carve, Dr.~~[illegible]~~, and Dr.Sweet, will also stay with the party and look after them. It is therefore necessary to make arrangements to accommodate about 12 persons.

Arrangements for lunch at Seringapatam have, I fear, to be made by the Government House as it cannot be entrusted to any one else. As regards Mudigere and Hassan, Dr.Sweet is trying to make these arrangements separately. I believe he will meet you shortly in this connection. There is no information so far about Mrs.Sweet accompanying the party.

Yours sincerely,

Sd/- R.Ranga Rao.

Sir Charles Todhunter, K.C.S.I.,
Private Secretary to His Highness
the Maharaja of Mysore.

Office of the Consultant in Health
with the Government of Mysore,

Bangalore, dated, 9th December 1929.

PLG 9/12/29

Dear Mr. Ranga Rao,

I am sending you with this a copy of the letter which I wrote to Sir Charles Todhunter on the 7th December. I am also enclosing a copy of his reply received this morning. Apparently he has taken all necessary steps for the reception and entertainment of the League of Nations Malaria Commission in Mysore and Seringapatam.

As stated in my letter to him I have written to the Saklespur Club about lunch, also to the Deputy Commissioner, Kadur in regard to tea at the Mudgere Travellers' Bungalow. Dr. Karve is in Hassan today and is making arrangements about the stay there. No replies have been received as yet to any of these communications.

So far as I see the only matter which remains outstanding is in regard to the stay at Kumara Park here in Bangalore. I do not know whom to address in this matter and will be grateful if you will notify the proper authorities.

I suppose that all charges necessary for petrol, meals, stays in Travellers' Bungalow and the like will be ~~made~~ met by Government. Possibly it would be well to give Dr.Karve ~~and~~ or myself some advance to cover these charges. However, any other method you may propose will be satisfactory.

Yours sincerely,

W. C. Sweet,
Consultant in Health.

R. Ranga Rao, Esq., B.A., B.L.,
General Secretary
to the Government of Mysore,
Bangalore.

D.O. Letter No. T. 211 dated 7th December 1929 from Dr. W. C. Sweet, B.Sc., M.D., C.P.H., Consultant in Health with the Government of Mysore, to Sir Charles Todhunter, K.C.S. Private Secretary to His Highness the Maharaja of Mysore, Mysore.

---

Mr. Ranga Rao has sent me a copy of his D.O. letter to you, No. 2379/P.P. 39-29-10 dated the 6th of December, in regard to the visit of the Malaria Commission of the League of Nations. As Mr. Ranga Rao states in his letter, the Commission consists of 6 members. Dr. Karve has written to find out definitely as to how many will be in the party when it arrives in Mysore, and we will let you know as soon as we hear. Dr. Karve, Dr. B. A. Rao and myself will accompany the Commission during its tour in Mysore State. There is no possibility of Mrs. Sweet accompanying the party.

The Commission is expected to arrive in Mysore from Ootacamund some time during the morning of the 17th. It is planned that it shall see the Zoo, the Palace, the New-Mansion Chamundi Hill and other points of interest in Mysore City that afternoon. For these visits at least two cars will be necessary. I might add that the party will want rooms at Staff Quarters for that night and the night of the 18th. I will stay in Staff Quarters with them, but Drs. Karve and B. A. Rao will stay elsewhere.

According to present arrangements, the party will want lunch at Seringapatam at about 12-30 on the 18th and will want tea in the same place at about 4-30 the same day. I understand from Mr. Ranga Rao's letter that these arrangements will be made by Government House.

At about 8.00 a.m. on the morning of the 19th, the party will leave for Mudgere and Hassan. In addition to Dr. Karve's car and mine, we will probably want two cars and a lorry. I

have written to the Honorary Secretary of the Saklespur Club to see if he can make arrangements there for lunch and will let you know as soon as I hear from him. It is expected that we will have tea at Mudgere. I am writing to the Deputy Commissioner, Kadur District to see if this can be arranged. The party will spend the night at the Travellers' Bungalow in Hassan. Dr. Karve is going to Hassan today and will endeavour while he is there to make all arrangements for the stay.

The party will leave Hassan on the morning of the 20th and will want lunch in Bangalore at about 12 o'clock. It will also want dinner at night before catching the train to Bombay. I understood in an interview with the Dewan a few days ago, that the members of the Commission would make use of Kumara Park while in Bangalore. I am not sure as to who is in charge of making arrangements for the necessary meals and stay at Kumara Park.

At about 11.00 on the morning of the 18th the party will be at Krishnarajasagara and at about 2-30 in the afternoon it will go to the Hulikere tunnel works. I would be much obliged if you could notify the necessary authorities of these visits. I am, of course, making necessary arrangements for the visit to the Nagenhalli Malaria Station at 8-00 a.m. of the 18th.

I can come to Mysore on the 11th or 12th if you think it essential but will have to return the same day or early morning of the next. If an earlier visit is not necessary, I will arrive in Mysore about 10 a.m. on the 17th.

---

P.S. A question arises as to supply of petrol for cars at Saklespur and Hassan. I suppose a form of Government requisition can be given which will avoid the necessity of cash payments.

*****

Letter No. C. 141 dated the 8th December 1929 from Sir Charles Todhunter, K.C.S.I., Private Secretary to His Highness the Maharaja of Mysore, Mysore, to Dr. W. C. Sweet, B.Sc., M.D., C.P.H., Consultant in Health with the Government of Mysore, Bangalore

---

I am in receipt of your letter No. T. 211 of yesterday, and am asking the Assistant Secretary in charge of Government House to make the necessary arrangements in connection with the visit of the Malaria Commission of the League of Nations to Mysore city and Seringapatam.

Two Government House cars and a lorry will also be placed at the disposal of the Commission for its journey to Mudgere, Hassan and Bangalore.

I am also advising the officers in charge of the proposed visit of the Commission to Krishnarajasagara and Hulikere Tunnel Works.

I am afraid there is no provision for Government requisitions for petrol on the road. I think your best course is to purchase such petrol as you require for cash and send a bill to the Chief Secretary.

So far as the above arrangements are concerned, I don't think there is any necessity for you to visit Mysore on the 11th or 12th. I understand from the Chief Secretary that this office has no responsibility in regard to the arrangements except as above indicated.

Sanitary Commissioner.

DEAR Sir Ranga Rao,

Just a line to intimate to you that I came over to Hassan last night, as I had fixed up an engagement with the President of the Municipality, to discuss the scheme & the Anti-rat campaign.

This morning I met the D.C & had a talk with him about housing the Malaria Commission at Hassan for the 19th night. The T.B. has only 4 suits & rooms with a central dining Hall. The rooms would do for 4 members, unless they can go two in a room. The rapid can provide two cots if necessary & may be even three. With cots, accommodation may be found for all.

G.7099 & 9.12.29.

Dear Sir,

The General Secretary to Govt. will be glad if you can come and see him in the Public Offices, tomorrow (10th instant) between 3 and 5 P.M.

Yours sincerely,

Sd/- N. Deva Rao,

one

Dear Sir,

16 DEC. 1929

I confirm the marginally noted telegram addressed to you to-day and enclose copy of the ~~xxxxxxxx~~ agreement which the writer in charge of the Refreshment Room, Hassan, handed over to me at the instance, ~~of~~ I understand, of their Superintendent one Mr. Mahanghir, with reference to my having placed an order with them for 12 **Dinners and 12 Breakfasts** as per menu given by the Sanitary Commissioner in connection with the visit of the Members of the Malaria Commission of the League of Nations.

REFRESHMENT ROOM PEOPLE HERE NOT TRACTABLE SUGGEST ARRANGING DINNER AND LUNCH FOR MALARIA COMMISSION MEMBERS THROUGH GOVERNMENT HOUSE.

I was given to understand also that the Dinner charges will be Rs 30/- per head, exclusive of Drinks, a figure which quite staggered me. It was said that this attitude of theirs towards our order is due to the resentment they feel at not having secured -- Government patronage during His Excellency the Viceroy's Visit to Mysore. I propose taking up the matter with the Agent Mysore -- Railways as to whether such cut intransigent behaviour is justified of the part of a Firm which enjoys so many concessions at the hands of a Department of the State.

In the meanwhile I could not think of any other arrangement for their Dinner on the 19th instant and Breakfast on the 20th except that the Government House doing the catering. I sincerely hope that this will be allright.

Ratnam is doing this

Yours sincerely,
Abdul Wajid.

To
C.M.Madhava Rao, Esq, B.A. B.L.,
Chief Secretary to Government,
